

Not a Pimple on Baby

Baby one Year Old. Had With Eczema, Hair all Gone. Scalp Covered With Eruptions. Cured by Cuticura. Hair Splendid and not a Pimple on Him.

Cured by Cuticura.

I cannot say enough in praise of the CUTICURA REMEDIES. My boy, when one year of age, was soiled with eczema that he lost all of his hair. His scalp was covered with eruptions, which the doctors said was scald-head and that his hair would never grow again. Despairing of cure from physicians, I began the use of the CUTICURA REMEDIES, and I am happy to say, with the most perfect success. His hair is now splendid, and there is not a pimple on him. I recommend the CUTICURA REMEDIES to mothers as the most speedy, economical, and sure cure for all skin diseases of infants and children, and feel that every mother who has an afflicted child will thank me for so doing.

Fever Sore Eight Years.

I must extend to you the thanks of one of my sufferers, who has been cured by using the CUTICURA REMEDIES, of an old sore, caused by a long spell of sickness or fever eight years ago. He was so bad he was fearful he would have to have his leg amputated, but is happy to say he is now entirely well, sound as a dollar. He requests me to use his name which is H. H. Cason, merchant.

INGALLS' SEVERITY.

He Accuses House Clerks of Carelessness and Inefficiency.

Washington, Feb. 15.—In the senate yesterday Mr. Vest offered a concurrent resolution to amend an error in the enrollment of the senate joint resolution for the removal of obstructions to navigation in the Missouri river. The error had been committed by one of the clerks in the house and consisted in the omission of the word "resolved" before the words "By the senate and house of representatives of the United States of America in congress assembled."

Mr. Ingalls commented severely upon the blunder, speaking of it as a case of "legislation being tampered with by inefficient clerks." Eight or ten instances of a like kind, he said, had occurred during the last congress and had to be remedied by concurrent resolutions. He was opposed to the repetition of such disgraceful performances. He moved, instead of Mr. Vest's concurrent resolution that the joint resolution in question be returned to the house of representatives with the request that the house send to the senate a copy correctly engrossed, as it had passed that body. He remarked that it was the way to get rid of the difficulty and to admonish the house and its clerks and employees that there must be more care, more scrutiny and more attention paid to such matters.

Mr. Vest assented to that disposition of the matter and remarked that the house had changed all its clerical force, and now had a lot of new men who knew nothing about their business.

Mr. Ingalls's motion was agreed to.

PRESIDENT CONCERNED.

A Bill Passes the Senate to Pay Harrison's Law Firm \$2,500 Back Fees.

Washington, Feb. 15.—A bill passed the senate yesterday appropriating \$2,500 to pay attorneys' fees due Porter, Harrison & Fishback.

Toward the close of the war General Hovey, now governor of Indiana, then in command of the department, convened a military commission to try certain members of the Knights of the Golden Circle. A number of years afterwards Lamden P. Milligan, one of the persons convicted by the commission, brought suit in the United States court against General Hovey and the members of the commission for damages. The case was prosecuted for the plaintiff by the late Vice President Hendricks, and by direction of the secretary of war, and the judge advocate general the firm of Porter, Harrison & Fishback was retained to defend the members of the commission. Mr. Harrison, now President Harrison, did most of the work in the case for the defense, and the bill passed yesterday is to remunerate the members of the firm for its services at that time.

Impure Blood, Cause of Rheumatism.

HOW IT SHOULD BE TREATED TO EFFECT A PERMANENT CURE.

The supreme importance of purifying the blood and of restoring the diseased liver and kidneys to healthy action has indeed made this subject one of great study, the results of which have enabled us to present to the afflicted, Hibbard's Rheumatic Syrup, a combination of the best known remedies. Prepared by Rheumatic Syrup Co., Jackson, Mich.

By cures unprecedented, it has proven its right to the title of "The Greatest Blood Purifier and Kidney and Liver cure ever discovered." We challenge any medicine to show an appreciation at home like that which has been poured upon Hibbard's Rheumatic Syrup.

Railway Advertising not Authorized by Law so Says a Recent Decision.

Items of Interest Picked Up By "Bazoo Detectives"—Local Spikes

An interesting decision, just reported from the New York court of common pleas concerns the use of the streets of that city for advertising purposes by the railways holding a franchise for the purpose of transporting passengers. The case was that of the placarding of advertisements upon the stations of the elevated roads; the court ruling this to be "the attempted use of the public streets for a private purpose, and not one authorized by law." The stations upon which these signs are placed are built upon land not owned by the railway company, but granted from the public use for specified purposes. Advertising is not one development of these principles, the decision of the court declares that "the railway company has no power under its charter to engage directly in the advertising business," and, therefore, can not use its privileges for the purpose of presenting advertisements "where the advertisements have no connection with the business of the company or the convenience of passengers." These statements of law apply equally in Boston as in New York, and, while there may be a seeming distinction between the placing of advertisements upon the walls of stations and upon the interior of street cars, the principle of law which forbids the former appears to include the latter as well. It is a business which the companies are not authorized to carry on, and which, indeed, in this city at least, is in no way desirable for the public, but rather offensive.

Wheat opened yesterday morning on fine weather and large receipts coupled with a doubt of the large deficit in Russia's wheat and rye crops, but very soon, on confirmation reports of the large shortage in Russia and reports of good export enquiry, the bears became alarmed and their efforts to cover the bull element helped them up with the market which prices rapidly advanced 3/4c for May. About 11 o'clock Russia's reported deficit and export enquiries were again contradicted which prices rapidly declined to 7 1/2c for May, closing weak at the lowest point of the day. Corn and oats were active the entire session and in sympathy with wheat closed weak and below yesterday's last quotations.

GOES SCOT FREE.

The Slayer of Pugilist Tom Jones Will Not be Punished.

Dallas, Tex., Feb. 15.—Justice Brown, acting as co-adjutor yesterday afternoon held an inquest on the body of Tom Jones, the young prize fighter killed by Louis Buzza of Jake Kilrain's combination in a four-round springing match on the stage of the opera house Tuesday night. After hearing testimony from Justice Brown announced that he would render a decision to-day and ordered Buzza to be held in \$500 bonds until in his power. The other members of the party were permitted to go free.

Muldoon and Kilrain returned to New Orleans last night, and the latter will be compelled to visit Jackson Monday as his appeal case will come up before the same court of Mississippi at that time. He is greatly worried over the death of James and says that it will prejudice the court against him.

James was about 22 years of age and a bricklayer by trade. He married a Dallas girl about two months ago and his young wife is on the verge of insanity. He was regarded as a hard hitter and trained Jim Mitchell for his fight with Tom Monaghan, which took place in this city about a month ago.

Muldoon paid \$100 for expenses for doctors and continued \$100 for funeral expenses.

Buzza hails from Cincinnati, O., is 20 years old and is well known in ring circles.

It is understood that at the expiration of the third round Jones informed his seconds and friends that he had had enough and wanted to throw up the sponge, but they hooked at the idea and urged him on by words of encouragement, saying he had a duty to perform.

The deceased leaves a young wife to whom Kilrain says Thursday night's receipts will be given.

Buzza has been discharged.

He was discharged on the ground that there is no law to indict a man for killing another in a licensed exhibition.

East Saginaw, Mich., Feb. 15.—Tom Jones, killed in a sparring exhibition at Dallas, Tex., Tuesday night, was formerly a resident of East Saginaw. His mother still lives here and he has a cousin, Colonel Joseph W. Kerns on Gov. Luce's staff.
